

MD. Rashid Fazeel

Lokanthali, Bhaktapur | +977-9767998392 | mdrashidali937@gmail.com

GitHub ID: Mdrashid-ali | LinkedIn: Mdrashid Ali

CAREER OBJECTIVE

To leverage my skills in artificial intelligence and software development to build innovative, human-centric solutions that address real-world challenges. Passionate about machine learning and web development to create impactful products that improve lives. Committed to continuous learning and contributing to cutting-edge research that bridges the gap between theory and practice. Aiming to grow into a thought leader in the AI space, driving ethical and responsible AI adoption across industries. Seeking opportunities that foster professional growth while delivering measurable value to the organization and society at large.

EDUCATIONAL BACKGROUND

BSc (Hons) Computing with Artificial Intelligence Islington College Affiliated with London Metropolitan University Kamalpokhari, Kathmandu	2024 – Present
SLC (School Leaving Certificate) Viswa Niketan Secondary School National Examinations Board (NEB) Tripureshwor, Kathmandu	2022 – 2024
SEE (Secondary Education Examination) Green Land Secondary English Boarding School National Examinations Board (NEB) Malangwa, Sarlahi	2022

SKILLS

Technical Skills:

Programming: Python, Java, C++, HTML, CSS, JavaScript, SQL

Operating Systems: Windows, Linux (Ubuntu/WSL)

Software and Tools: VS Code, Apache NetBeans, Eclipse, Git, GitHub, Docker, Postman, Jupyter Notebook, Anaconda, XAMPP, Microsoft Excel, Google Sheets

Frameworks: FastAPI, Scikit-learn, Pandas, NumPy, Matplotlib, React.js (Basic)

Databases: MySQL, PostgreSQL

Cloud & DevOps: AWS, Docker, REST APIs, Git, GitHub

Concepts: Object-Oriented Programming (OOP), Data Structures & Algorithms, Database Management Systems (DBMS), Software Development Life Cycle (SDLC), API Development

Soft Skills:

Communication, Team Collaboration, Problem Solving, Analytical Thinking, Critical Thinking, Time Management, Adaptability, Attention to Detail, Leadership, Continuous Learning

ACADEMIC PROJECTS

Gym Management System | (Java, MySQL, JSP, CSS, MVC Architecture)

FitTrackPro is a web-based fitness centre management application designed to simplify the daily operations of a gym or fitness club. The system provides a centralized platform for managing members, trainers, workout plans, attendance records, and membership information.

IoT Smart Agriculture System | (C++, Arduino, Raspberry Pi, Sensors)

IoT Smart Agriculture System is a project built using C++, Arduino, Raspberry Pi, and various sensors. It involves creating a sensor network for real-time soil monitoring with an interactive dashboard. The system also implements an automated irrigation mechanism that activates based on moisture levels, and includes data visualization features.

E-Commerce Platform | (HTML, CSS, JavaScript)

This project aims to develop a user-friendly and visually appealing ecommerce website for a watch store, while also providing hands-on learning in internet technologies and digital marketing. It focuses on building proficiency in website design and scripting languages, with a strong emphasis on understanding the working principles of HTML, CSS, and JavaScript.

PERSONAL PROJECTS

Cricket Dashboard | (Power BI, DAX)

The Cricket Dashboard is a web-based application developed to provide users with an interactive and user-friendly platform for viewing and managing cricket-related information. The project features a clean and responsive dashboard interface that presents key cricket statistics, match details, player information, and other relevant data in an organized manner.

Movie Web | (HTML, Tailwind CSS, Javascript, React.js)

Movie Web is a responsive movie discovery and browsing web application developed using React.js and JavaScript. The project allows users to explore movies, search for titles, and view movie-related information through a modern and user-friendly interface. The application uses movie data from the TMDB API to dynamically display information such as movie titles, posters, ratings, release information, descriptions, and other details.

TRAINING AND CERTIFICATIONS

- AWS Academy Graduate :Data Engineering | 17 Dec 2024
- AWS Academy Graduate : Machine Learning for Natural Language | 17 Dec 2024
- AWS Academy Graduate : Machine Learning Foundations | 18 Dec 2024
- AWS Academy Graduate : Cloud Foundations | 23 Dec 2024
